CREATE AN APPOINTMENT THROUGH UHC

Participants must have an appointment to receive a screening onsite. If the participant's name is not listed on the US Wellness dashboard with an appointment, they must follow the steps below to create an appointment. Once an appointment has been created, please refresh the US Wellness dashboard for their name to populate. Do not add the participant as a walk-in.

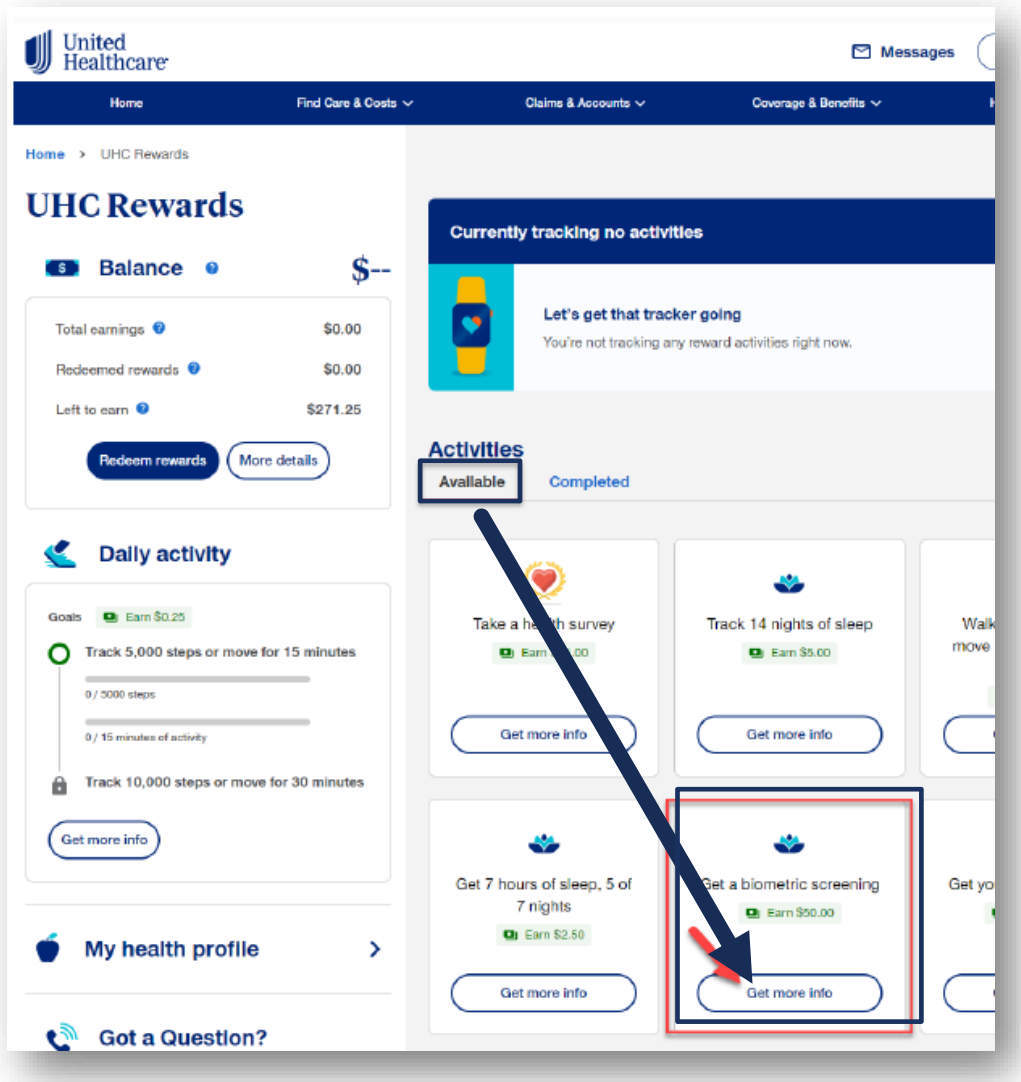

Step 1: Visit **myuhc.com** and sign in

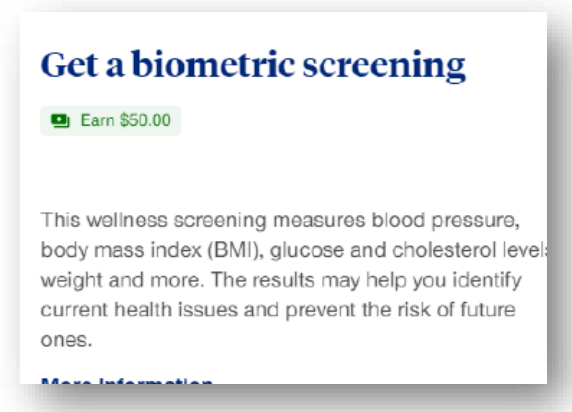

Step 2: Select UHC Rewards from one of the areas shown in the screenshot here:

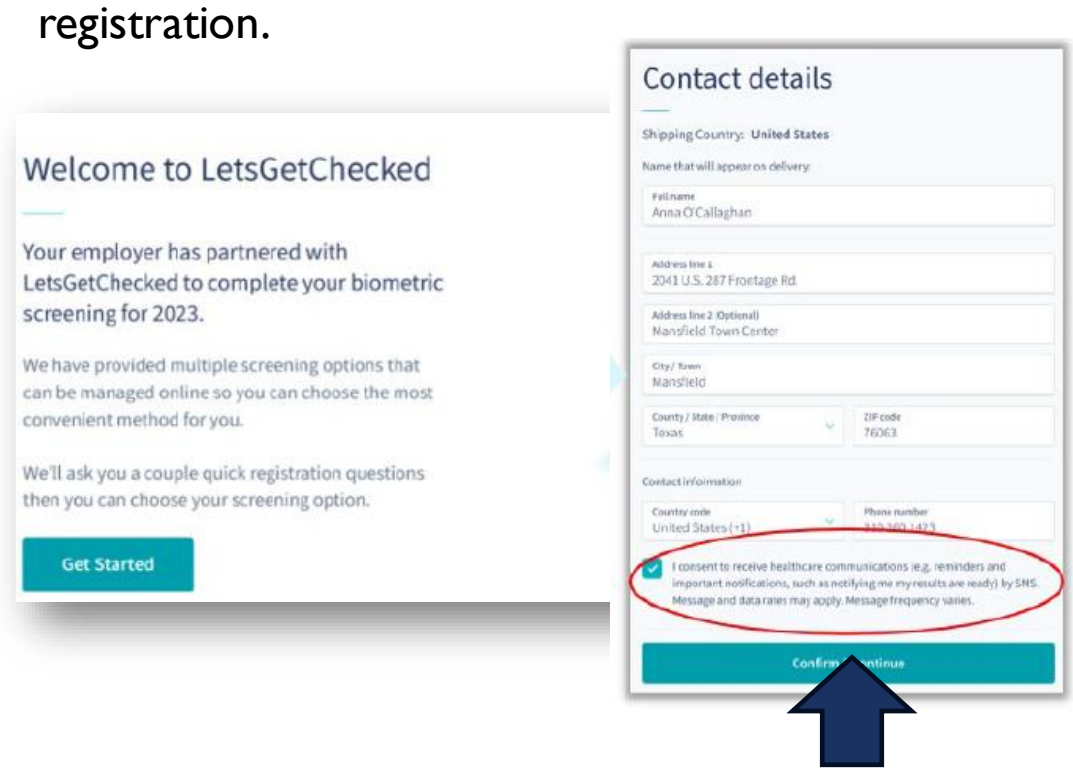

Step 3: Using the "Activities" tab, select "Available" and "get a biometric screening" as shown below:

Step 4: Select "Get Started" on the "Get a biometric screening" page to continue.

Step 5: Once the LetsGetChecked site loads, follow the prompt to continue with your registration.

Step 6: After the LetsGetChecked dashboard populates, select the "onsite screening event" option and continue to select your preferred screening date/time.
